THINK SUMMER FUN!

High School Students Try Out College Life

Going away to college can be a big step for many students. Summer residential programs allow rising sophomores, juniors, and seniors to try out their independence in a supervised, fun program. They will enjoy the unique resources of LSU, meet teens with similar interests, and learn from top faculty members and instructors. Visit outreach.lsu.edu/precollege for complete program information and online registration.

Especially appropriate for students interested in applying to LSU or other public colleges in the south, we have two affordable one-week programs available this summer.

Architecture Camp

Planned for students interested in design, the LSU Architecture Camp offers a chance to explore architectural ideas through hands-on studios and field trips while living on the LSU campus.

Meet professional architects and architecture and design faculty members; learn how they work and how they prepared for their careers.

Offered in partnership with the LSU College of Art & Design and the LSU School of Architecture.

Dates: June 14–19

LeaderShip U

Any student can prepare for success in college and beyond at the LSU leadership camp. LeaderShip U inspires incoming 10th to 12th grade students to learn about themselves and their impact on others, and to explore their role in the world at large.

Experience college life and put knowledge into practice through goal-setting, team-building, and leadership activities.

Join us and be challenged by a week of intensely fun learning and leadership!

Dates: June 21–26 or July 12–17

More Information

Only a few more spots left, so please forward this message to students or parents and encourage them to act quickly.

Students who register before May 20 receive a \$50 discount from the regular registration fee.

Forward this message today!
